

A Message from Our Founder

Dear Friends, Supporters, and Community,

Universally Made, in partnership with the City of Missouri City, is honored to announce our **7th Annual Veterans Thanksgiving Luncheon**, taking place on **Saturday, November 7, 2026, 10am at the Missouri City Community Center**.

This meaningful event is dedicated to honoring and celebrating the men and women who have proudly worn the military uniform in service to our nation. Beyond recognizing their courage, service, and sacrifice, the luncheon creates an opportunity to strengthen community connections and bring veterans, their families, volunteers, sponsors, and supporters together in a spirit of gratitude and fellowship.

Our Goal

This year, we aim to provide **100–200 FREE Thanksgiving meals** to veterans and their families. Every contribution helps make this goal possible. **All monetary donations directly support the Veterans Thanksgiving Luncheon** and help Universally Made continue its commitment to serving veterans and strengthening the broader community through our ongoing community initiatives.

Help Us Serve More Veterans

We are sincerely grateful to the sponsors, donors, volunteers, and community supporters who have helped make this event a success throughout the years. Your generosity has made a lasting and meaningful difference in the lives of veterans and their families.

As we prepare for this year's luncheon, we respectfully ask for your continued support—and, most importantly, your presence. Together, we can make this year's celebration an even greater expression of gratitude to those who have served our country. Donate to the Luncheon <http://www.made101.org>

We look forward to celebrating with you on November 7, 2026!

In service,
Ferrel Bonner, Founder
